1. Introduction

Pontefract Academies Trust (“the Trust”) is committed to creating safe, nurturing, and inclusive learning environments in which all pupils/students can thrive academically, socially, and emotionally.

This policy sets out the Trust-wide expectations for behaviour, relationships, and conduct across all schools. We never apologise for having high standards in all that we do, and this includes pupil/student behaviour.

This policy has due regard to legislation, statutory guidance and accepted industry standards including but not limited to:

- [The Education and Inspections Act 2006](#)
- [The Equality Act 2010](#)
- [Use of Reasonable Force in Schools 2026](#)
- [The Use of Mobile Phones in Schools 2026](#)
- [The Equality Act 2010 and Schools 2014](#)
- [The Children and Families Act 2014](#)
- [Supporting Pupils/students at school with Medical Conditions 2015](#)
- [The SEND Code of Practice 2015](#)
- [Behaviour in Schools 2024](#)
- [Searching, Screening and Confiscation Advice for Schools 2022](#)
- [Suspension and Permanent Exclusion from maintained schools, academies and pupil referral units in England, including pupil movement 2024](#)
- [Keeping Children Safe in Education](#)
- [Mobile phones in schools](#) non-statutory guidance

The policy will also be implemented in accordance with:

- The school’s Uniform Policy
- The Trust’s Attendance and Punctuality Policy
- The Trust’s Children with Health Needs who Cannot Attend School Policy
- The Trust’s Safeguarding and Child Protection Policy
- The Trust’s SEND Policy
- The Trust’s Supporting Pupils/students with Long Term Medical Conditions Policy
- The Trust’s Anti-Bullying Policy

2. Vision and Values

Pontefract Academies Trust has a mission to run top-quality, high achieving schools that give our children and young people the chance in life they deserve. Our vision is that every child and young person makes outstanding progress. Good behaviour is central to this vision and it is essential that each school manages behaviour well so they can provide calm, orderly, safe and supportive environments in which children and young people want to attend and can learn and thrive.

Being taught how to behave well and build positive relationships is vital for children to succeed personally and for them to successfully navigate the community they live in. Our schools use a range

of actions and practices to achieve this, creating a positive culture. These include, but are not limited to:

- the curriculum,
- student assessment and feedback,
- tutor time,
- assemblies,
- student engagement/student voice,
- extra-curricular enrichment,
- pastoral support and guidance,
- individualised adjustments and inclusion,
- parental engagement, and
- appropriate multi-agency working for those students with the most challenging needs.

3. Policy Scope

This policy applies to those involved with managing relationships and behaviour within Trust schools including:

- Teaching Staff
- Non-Teaching Staff
- Volunteers (including SPRB members)
- Pupils/Students
- Parents/Carers

4. Roles and responsibilities

To support the Trust's expectations of behaviour, we will:

- Encourage behaviour which supports the mission, vision and values of the Trust and its schools.
- Recognise, reward and celebrate good behaviour.
- Create environments where positive behaviours are more likely, by proactively supporting students to behave appropriately and addressing misbehaviour effectively.
- Employ a fair and consistent behaviour management system that is recognised by pupils/students, parents/carers and staff.
- To explicitly teach students what good behaviour looks like and provide additional support for some students to enable them to reach the expected standard of behaviour.

5. The Trust's Expectations of Staff

All staff shall:

- Apply policy and procedures fairly and consistently.

- Teach and model expected behaviours and positive relationships, so that pupils/students can see examples of good habits and are confident to ask for help and support when needed.
- Constantly challenging students to meet the school's expectations and maintain the boundaries of appropriate conduct.
- Ensure that good pupil/student behaviours are recognised and praised.
- Consider the impact of their own behaviours on the school culture and how they can uphold the school's rules and expectations as a positive role model.

Some roles are key behavioural ambassadors with specific responsibilities. These include:

- The **Headteacher** – in leading the creation and reinforcement of the school culture, ensuring it permeates through every aspect of school life; overseeing the operational implementation of the behaviour and relationships policy and procedures, ensuring that it is applied fairly and consistently. It is also the responsibility of the headteacher to ensure the health, safety and welfare of pupils/students and staff and for repeated or very serious acts of poor behaviour, the headteacher holds responsibility for making the decision to suspend or permanently exclude pupils/students.
- The **School Performance Review Board (SPRB)** – are responsible for challenging and supporting school leaders in their operational implementation of the behaviour and relationships policy and procedures. In addition to this, they will ensure that serious sanctions such as suspensions and permanent exclusions are used only as a last resort by sitting on permanent exclusion review panels.
- **Senior Leaders** – are responsible for supporting the headteacher in the promotion and operational implementation of the behaviour and relationships policy and procedures, ensuring that they are a visible presence around school and known to the pupils/students; actively seeking out pupils/students for praise and recognition, demonstrating a genuine care and respect for pupils/students to ensure the culture of the school promotes positive behaviour.
- The **Senior leader responsible for Pastoral Support/ behaviour** – is responsible for monitoring all aspects of the school's behaviour and relationships policy and its application, to promote equality for all pupils/students. They are also responsible for ensuring all staff receive appropriate training, including Early Career Teachers, so that they can meet their duties and functions within the behaviour and relationships policy and procedures.
- The **SENCo (Special Educational Needs Co-ordinator)** – is responsible for ensuring that all staff have adequate training and support on how certain special educational needs, disabilities or mental health may impact pupils/students' behaviour and provide provisions, adjustments and interventions to manage this.
- The **Student Liaison Officer (SLO)** – is responsible for maintaining the Trusts high expectations for behaviour by ensuring that each and every student gets the personal attention they need. This involves, liaising with parents, operating the behaviour management system including on call 'red cards', reports, detentions and being a key member of staff to ensure restorative meetings take place to support students to improve their behaviour.

- The **Year Leader** – is responsible for creating a year group team and identity where each student feels a sense of responsibility for helping and supporting others and promoting excellent performance.
- **Teachers** – are responsible for creating a classroom culture in which all pupils/students feel they belong and feel safe; an environment where positive relationships are established that allows all pupils/students to thrive as individuals and as learners. This requires building trust, establishing clear routines and boundaries with consistently high expectations.
- The **Learning Mentor** – is responsible for ensuring that each and every pupil/student gets the personal attention they need to ensure excellent standard of behaviour and great learning by creating a pastoral programme of care when adjustments are made.

6. The Trust's Expectations of Parents/Carers

To support the school, parents/carers will be encouraged to get to know the behaviour and relationships policy and code of conduct for parents and carers. Parents/carers have an important role in supporting the school's policy and reinforcing it at home.

Parents/carers have a responsibility to inform the school of any changes in circumstances that may affect their child's behaviour, to discuss any behavioural concerns with a key member of staff promptly and by attending review/reintegration meetings as required.

It is expected that parents/carers will be a positive role model for their child/children, knowing and supporting the school by ensuring that their child is ready to learn. They can do this by, making sure that their child:

- Arrives on time and prepared to learn.
- Brings appropriate equipment such as PE kit, student planner, a suitable bag to carry books and any equipment needed during the school day.
- Is aware of the need to be polite, courteous, respectful to everyone on the school site, forging positive, supportive and respectful relationships with all staff.
- Is encouraged to want to learn and to meet high expectations.
- Wears the school uniform correctly. See your school's uniform policy for further details.
- Avoid bringing any mobile device into school. However, if this is necessary (via prior arrangement in primary), ensure that they have been switched off at the school gate. These must be kept out of sight and remain switched off until the end of the day.
- Ensure the completion of school work to a high standard, including homework.

7. The Trust's Expectations of Pupils/Students

Pupils/students are responsible for being excellent ambassadors of themselves, who learn from their mistakes and demonstrate outstanding behaviour which exemplifies the Trust's learning expectations and values.

To support this, all pupils/students will have a clear induction process that familiarises them with behaviour expectations. This induction will be repeated at the start of each academic year.

The Trust believes in doing common things uncommonly well. To ensure consistent application of its behaviour standards, it is expected that pupils/students will:

- Adhere to the school values
- Have the right equipment.
- Get to lessons on time and settle quickly and quietly so that no learning time is wasted.
- Respond promptly to instructions when asked the first time.
- Do homework well.
- Show good manners and always be polite when interacting with others.
- Take pride in the presentation of their work and uniform.
- Never shout out.
- Don't drop litter anywhere.
- Listen and respect the views of others, including those that are different to their own.
- Never make anyone feel unsafe (no foul language, no physical contact).

In primary settings the above is sectioned into:

a) Be Prepared - ready to learn

- Have the right equipment out ready.
- Go straight to the classroom after breaks/lunchtimes or any activity outside of the usual classroom
- Respond promptly to instructions when asked the first time.
- Do homework well.

b) Be exemplary in the way they present themselves - manners, pride and kindness

- Show good manners and always be polite when interacting with others.
- Take pride in the presentation of work and uniform.
- Never shout out.

c) Be respectful – to others, to the environment and to myself

- Don't drop litter anywhere.
- Listen and respect the views of others, including those that are different to their own.
- Never make anyone feel unsafe (no foul language, no physical contact).

8. Conduct Outside of School

Pupils/students are encouraged to wear their uniform correctly when travelling to and from the school and must not be involved in behaviour that could adversely affect the reputation of the individual school or wider Trust. If a pupil/student is in uniform and on their way to or from school, or engaged in other activities off school premises, sanctions can be issued, and poor behaviour should be challenged.

Where poor behaviour occurs when a pupil/student is travelling to and from the school, the Trust reserves the right to issue a consequence, suspension or permanent exclusion, particularly in relation to violent conduct e.g. a physical assault or bullying incidents.

Parents/carers are encouraged to report criminal behaviour, anti-social behaviour and serious bullying incidents that occur anywhere off the school premises which pose a threat to a member of the public or a child to the police as soon as possible.

If a member of the public, school staff, parent/carer or pupil/student reports criminal behaviour, anti-social behaviour or a serious bullying incident to the school, the senior leader responsible for behaviour/ pastoral support must be informed. If they consider that the misbehaviour is linked to a child suffering or being likely to suffer significant harm the Trust's Safeguarding and Child Protection Policy will be followed.

For health and safety reasons, very high standards of behaviour are expected on school residential and day trips. The school will use the same behaviour sanctions that are applied to incidents of misbehaviour that occur on the school site.

9. Recognition and Reward

Acknowledging good behaviour encourages repetition and communicates the Trust's expectations and values to all pupils/students. Using rewards and positive recognition provides an opportunity for all staff to strengthen the school's culture and ethos. Every pupil/student is special, and we regularly identify, reward and celebrate their many successes.

These successes can be in any aspect of school life. They include rewards for regular attendance, outstanding achievements or displaying the school's values etc. The Trust encourages use of a wide range of rewards ranging from simply saying well done or phone call home to issuing certificates and prizes. Schools hold regular celebration assemblies and special events, such as the annual presentation evening, to celebrate the achievements of its pupils/students.

10. Behaviour Management

At Pontefract Academies Trust all teachers should use a variety of strategies for managing the behaviour of pupils/students. Teachers should refer to the 'Classroom Culture toolkit' and use the appropriate recommended strategies to de-escalate poor behaviour, to re-engage and to avoid disruption to pupils/students own learning and that of others.

The classroom culture toolkit techniques will be used to prevent pupils/students from entering the Consequences system and prevent escalation through the consequence system. The Consequences system is not an alternative to the techniques teachers use in their teaching and behaviour management.

Effective and efficient behaviour management should mean that the consequences system is not used significantly because pace, challenge and positive framing should sustain and enthuse pupils/students. If the consequence system has been used significantly in a lesson or with a particular class, the Trust encourages teachers to reflect on the following key questions:

- Have I used preventative strategies from the classroom culture toolkit? Have I been consistent with the consequence system?
 - Have I planned for success to ensure I am meeting the academic needs of all pupils/students?
 - Have I planned an objective-driven lesson and shared my learning objectives and outcomes with pupils/students?
 - Am I using whole class and precise praise to reward pupils/students who are meeting my learning expectations?
 - Is the work challenging and exciting enough to engage pupils/students in learning?
 - Are the resources appropriate and readily available so that pace is maintained?
-
- Have I used 'threshold' and greeted pupils/students at the door, making my high expectations clear at the beginning of the lesson?
 - Is my seating plan, right?
 - Have my instructions been clear?
 - Have I made compliance visible?
 - Are my systems and routines effective?

11. Sanctions and Consequences

Pontefract Academies Trust acknowledges that pupils/students will not always behave perfectly, and the consequence system is designed to give pupils/students choices to correct their behaviour. Its principal role is to support learning by pupils/students being able to learn in a calm, orderly, safe environment where all pupils/students can thrive and make outstanding progress.

All teachers will use strategies that support pupils/students to adopt good behaviours that supports learning and builds strong relationships. If, despite these strategies, a pupil's behaviour does not meet the expectations of the teacher, the following system of consequences will be used:

12. Detentions

The school will determine what is inappropriate and unacceptable at all times. Under DfE guidelines, schools do not have to inform or require consent from a parent/carer for a pupil to complete a detention.

Within the detention, where appropriate, an opportunity for a restorative conversation will take place. The pupil should receive further guidance about what they did wrong, the impact of their actions, how they can do better in the future and what will happen if the behaviour fails to improve.

Pupils/students will be also offered support where necessary or given the opportunity to inform the member of pastoral staff of any perceived obstacles to improvement, such as their home circumstances.

Primary schools

Schools will issue a 10-20-minute detention for a breach of the Trust rules. Where possible, parents/carers will be notified on the same day as the detention. Detentions will take place at either break times or lunch times. Detentions will be recorded by school.

Secondary schools

Schools will issue a 30-minute detention for a breach of the Trust rules. Where possible, parents/carers will be notified in advance through the planner, phone call, email or text. The half hour detention will take place on the next available day. 30-minute detentions start at 14.35 and finish at 15.05pm.

The school will issue a one-hour detention where a student fails to attend a 30-minute detention or for cases of lateness as per the Attendance and Punctuality Policy. The one-hour detention will take place on the next available day. Where possible, parents/carers will be notified in advance through the planner, text, phone call or email. One-hour detentions start at 14:35 and finish at 15:35pm.

The school will issue a one-hour detention and an afternoon in RESET where a student fails to attend a 60-minute detention. This will take place on the next available day. Where possible, parents/carers will be notified in advance through the planner, text, phone call or email. One-hour detentions start at 14:35 and finish at 15:35pm.

Senior Leadership also reserve the right to issue a two-hour detention for severe incidents, repetitive breaches of the behaviour and relationships policy or where students have accumulated a large number of one-hour detentions. Parents/ carers will be notified via phone call. Two-hour detentions run from 14:35 – 16:35pm.

At the end of each term all students will be taken off report.

16. Secondary Schools: Reset Room

The reset room is considered to be a serious sanction and will only be used when necessary for a limited time. If a student spends time in the reset room, a member of the pastoral team will facilitate a restorative conversation and facilitate reflection by the student on the behaviour that led to their removal from the classroom and what they can do to avoid such behaviours in the future.

The reset room may be used for the following reasons:

- A student receives a red card and has been removed from a classroom for persistent or serious disruption or defiance following all other behaviour strategies in the classroom being attempted.
- During an investigation into a serious behaviour incident and whilst awaiting senior leadership intervention and or a decision on next steps.
- For a period of reflection following a persistent breach of the detention and/or reporting system.
- For a period of reflection following a severe misbehaviour/incident.

Whilst in the reset room the student will wherever possible, follow their normal timetabled curriculum.

Should the student fail to comply with expectations in the reset room they may have additional time added to the sanction or in extreme cases, they may receive a suspension.

The school will consider additional approaches to support students who are frequently removed from lessons such as meetings with SLO/SLT, referrals to EPS, consider if any learning assessments need to take place in order to evaluate if the student has any additional needs etc.

The use of the reset room (internal isolation) from the school community is the preferred alternative to any suspension.

17. Internal Seclusion

There are rare occasions that internal seclusion will need to be used. This should only be used as a safety measure, to protect others from harm when a pupil is experiencing high levels of emotional or behavioural dysregulation. This should be in an environment that is safe, supervised and not threatening to the pupil or student. This will not be used by staff through the consequence system.

18. Individual Behaviour Plans

When a pupil/student displays a pattern of negative behaviours that are a cause for concern, they may, with consultation with the SENCo/Inclusion Leader/Headteacher, be placed on an individual behaviour plan.

This is an opportunity to ensure that adjustments are in place in order to support pupils/students that may have difficulties to access the curriculum and regulate.

Behaviour plans will be written alongside professionals such as Educational Psychology Services and are bespoke and personalised to the child, a One Page Profile may also be used (See the Trust SEND policy).

19. Phased Re-Integration

As an alternative to suspensions the Headteacher may, in limited circumstances, make use of a phased reintegration to support a pupil/student. These must only be in place for a maximum of six weeks with clear targets to success. All phased reintegration must be submitted to the local authority with an agreed plan of re integration that includes review points (See Appendix A).

In exceptional circumstances with consultation from partner agencies and professionals a phased re integration may be extended to ensure the best outcomes for the pupil/student for success. This must be agreed by all parties including parents/carers.

Phased Integration plans must be agreed by a member of the SLT with responsibility for Inclusion / Headteacher.

20. Managed Moves and Off-Site Direction

A managed move (permanent measure) will be considered for a pupil/student at risk of permanent exclusion with reference to the DFE guidance 'Suspension and permanent exclusion from maintained schools, academies and pupil referral units in England, including pupil movement'.

A managed move involves the transfer of a pupil/student who may be at risk of permanent exclusion to another school. Managed moves should be voluntary and agreed with all parties involved, including the parents and the admission authority of the new school. This is usually arranged via the fair access protocol.

Off-site direction (a temporary measure) is a short-term strategy led by the headteacher, in agreement with an alternative provision or another mainstream school, aimed at improving a pupil/student's behaviour as part of the school's behaviour management plan. It is not voluntary, and the school is not required to seek parental permission.

Off-site direction should only be used where interventions or targeted support have not been successful in improving a pupil/student's behaviour, off-site direction should be used to arrange time limited placements at an alternative provision or another mainstream school.

As part of planning for off-site direction, alternative options should be considered once the time limit for off-site placement has been reached. These options may include a managed move on a permanent basis, particularly if the pupil/student is currently placed in a mainstream school, following a review of the time-limited off-site placement.

21. Alternative Provision

Where a pupil/student's behaviour leads to consideration of a placement in Alternative Provision (AP), the school maintains clear responsibilities to ensure the pupil/student remains safe, engaged in learning, and supported in line with the Trust's Safeguarding and Child Protection Policy:

Before commissioning AP, the school must assess the quality, safety, and safeguarding arrangements of the provider. This includes reviewing their safeguarding policies and safer recruitment practices. The school remains responsible for the safeguarding of any pupil/student placed in AP, and must maintain regular contact with the provider, the pupil, and their family.

A named member of staff will monitor the pupil/student's progress, attendance, wellbeing, and the suitability of the placement, in collaboration with the AP provider.

Individual risk assessments will be completed prior to placement in AP and reviewed regularly.

The school must plan for ongoing inclusion and, where appropriate, reintegration into mainstream education, ensuring pupils/students are not marginalised or left unsupported.

All decisions around behaviour interventions, including use of AP or sanctions such as suspension, are made with due regard to the pupil/student's rights, needs, and best interests, and in consultation with parents/carers and relevant professionals.

22. Suspensions

The school will use Fixed Term Suspensions when pupil/student behaviour seriously and negatively impacts on the learning and/or safety of pupils/students. Fixed Term Suspensions will also be used when the good order of the Trust is threatened and/or pupil/student behaviour could potentially damage the reputation of the Trust.

The Headteacher may suspend for the following reasons:

- Serious breaches of the Trust rules.
- Repeated breaches of the Trust rules.
- Refusal to engage with inclusion/internal support.
- Repeated disruption whilst in inclusion/internal support.
- Failure to comply with a reasonable request from the headteacher.
- Failure to meet expectations in the reflection room.
- Persistent or serious breaches of health and safety rules.
- Persistent or serious verbal abuse of staff, other adults or pupils/students.
- Possession of drugs and/or alcohol related offences.
- Persistent Red Cards.
- Persistent or serious wilful damage to property.
- Persistent or serious bullying.
- Sexual misconduct (including up skirting which will be considered a serious and deliberate breach of the policy).
- Child on child abuse.
- Theft.
- Making a serious false allegation against a member of staff.
- Persistent or serious behaviour which calls into question the good name of the individual school or Trust.
- Persistent defiance or disruption.
- Assaults or fighting.
- Other serious breaches of Trust rules.

All decisions to suspend are serious and only taken as a last resort. -

When a headteacher suspends a pupil/student they will, without delay, notify parents. If a pupil/student has a social worker, or if a pupil/student is looked-after, the headteacher will also without delay after their decision, notify the social worker and/or VSH, as applicable.

The length of any suspension is at the Headteachers discretion, and the length of exclusions may increase, over time, to reflect the continuing failure of a pupil to adhere to the Trusts rules.

No pupil/student will receive greater than 45 days' suspension in any one academic year without being permanently excluded for persistent disruption and defiance. Please note that a Headteacher also retains the right to permanently exclude a pupil/student for persistent disruption and defiance even if they have not reached 45 days.

The Trust is keen to ensure a balance is met, between the use of Fixed Term suspensions to deal with persistent disruption, and their impact on the individual's ability to re-engage with their learning. For this reason, it has been decided to use a maximum Fixed Term Suspension period of five days for any single incident.

Whilst a suspension may still be an appropriate sanction, the headteacher should take account of any contributing factors that are identified after an incident of poor behaviour has occurred. For example, where it comes to light that the pupil/student has suffered bereavement, mental health issues or has been subject to bullying or provocation.

23. Permanent Exclusion

Permanent exclusion is a sanction of last resort and will be used sparingly. Prior to a decision to permanently exclude a pupil, the headteacher must seek advice and guidance from the Executive Leadership Team.

A decision to exclude a pupil permanently should **only** be taken *'In response to serious or persistent breaches of the school's behaviour policy and where allowing the pupil to remain in school would seriously harm the education or welfare of the pupils/students or others in school'* – DfE Exclusion from maintained schools, academies and pupil referral units in England, including pupil movement.

The Headteacher will make the judgment, in exceptional circumstances, where it is appropriate to permanently exclude a child for a first or 'one-off' offence. These circumstances might include:

- Serious actual or threatened physical assault against another pupil/student or a member of staff.
- Sexual abuse or assault.
- Supplying an illegal drug.
- Possession of an illegal drug with intent to supply.
- Carrying an offensive weapon.
- Making a malicious serious false allegation against a member of staff.
- Potentially placing pupils/students, staff and members of the public in significant danger or at risk of significant harm.

These instances are not exhaustive but indicate the severity of such offences and the fact that such behaviour can affect the discipline and well-being of the Trust community.

The Headteacher may also permanently exclude a pupil/student for:

- Individual circumstances as described above; or
- Persistent disruption and defiance including bullying (which would include racist or homophobic bullying).
- Possession and/or use of an illegal drug or drug paraphernalia on school premises.
- Repeated or serious misuse of the school computers by hacking or other activities that compromise the integrity of the computer network.
- Any serious incident which the school deems to be of an extremist nature.
- An offence which is not listed but is, in the opinion of the Headteacher, so serious that it will have a detrimental effect on the discipline and well-being of the school community.

24. Suspensions and Exclusion review panels

All Trust schools are supported and challenged by School Performance Review Boards (SPRBs). Their primary function is to ensure that leaders in the schools are held accountable, in general terms, but also how we deal with behaviour.

In line with DfE Guidance 'Suspension and permanent exclusion from maintained schools, academies and pupil referral units in England, including pupil movement', a meeting of the SPRB must be convened by the Clerk when:

- a pupil/student has received over 15 days' exclusion in one term.
- recommendation of permanent exclusion is made by the headteacher for a one-off incident, or through the Consequences system.
- it would result in the pupil/student missing a public examination or national curriculum test.

Suspension review panels will consist of at **least two members** from the SPRB, or, where necessary, other voluntary members of the Trust's Governance structure, who can hear the case impartially. If a two-member panel cannot reach a unanimous decision, the meeting must be rescheduled and reconvened with a three-member panel.

Permanent exclusion review panels **will comprise three members** of the SPRB, or, where necessary, other voluntary members of the Trust's Governance structure, who can hear the case impartially.

The Trust will make every effort to appoint non-staff SPRB members to suspension and exclusion panels. Where this is not possible, staff SPRB members will be selected from other schools within the Trust, with special attention given to avoiding conflicts of interest.

If any panel member has a connection with the pupil/student, knowledge of, or other connection to the incident that led to the exclusion which could represent a conflict of interest, which could affect their ability to act impartially, they should step down.

The SPRB can uphold an exclusion or direct the pupil/student's reinstatement, either immediately or on a particular date.

The meeting must be convened before 15th school day after the date of receipt of notice to consider the exclusion.

The Clerk will circulate the paperwork for the SPRB meeting to all parties invited to attend at least 5 days in advance of the meeting.

The parent/carer has the right to attend the meeting, and/or make written representations. This should be submitted to the Clerk as soon as possible prior to the meeting. The parent/carer may bring a friend or a legal representative if they wish.

The Headteacher and a member of the Senior Leadership Team will be invited to attend the meeting. Parents/carers have the right to invite the Local Authority Exclusions Team Manager to attend the meeting, however they are only permitted to make representations to the panel with the panel's express permission.

Within one school day of the meeting, a letter will be sent detailing the decision of the SPRB. Following a permanent exclusion, the letter will also detail the procedure for Independent Review which will be heard by an Independent Review Panel convened by the Local Authority.

The parent/carer has 15 school days after the day on which notice in writing was given of the SPRB, if delivered directly. If the notice in writing is posted first class, two additional days are added for postage.

Where the SPRB declines to reinstate, they will draw the attention of parents/ carers to relevant sources of free and impartial information on whether to and how to seek a review of the decision. This will include statutory guidance and information on the First- Tier Tribunal who deal claims of discrimination.

25. Independent Review Panel

The Local Authority will convene an Independent Review Panel and a parents/carers' right to apply to this Independent Panel will be outlined in the letter sent to them following the SPRB declining to reinstate following a permanent exclusion.

Parents/carers will be informed of their right to request a special educational needs expert at the Independent Review Panel hearing.

The legal time frame for an application to the Independent Review Panel is set out in the DfE guidance 'Suspension and permanent exclusion from maintained schools, academies and pupil referral units in England, including pupil movement'.

26. Reintegration

Re-integration meetings are held between a member of Senior Leadership Team (SLT), the pupil and the parent/carer when a pupil/student returns from a suspension. At the meeting, the pupil/student's behaviour will be discussed, and an individual reintegration plan (IRP) will be created. Targets from the plan will be emailed to staff.

Parents/carers are responsible for their child's behaviour, and it is important that they attend the meeting and explain how they intend to address their child's behaviour.

27. Additional Support and Inclusivity

Pontefract Academies Trust's ambition is for all pupils/students to progress on their journey to developing into the best version of themselves. To support them with this, there is a team of people available to care for them in each individual school, including:

- A dedicated form tutor who they will see daily.
- Pupil/Student Liaison Officers.
- Safeguarding and Inclusion Officers.

- Year Leader.
- SENCo.
- Class teachers, leaders and other support staff.

The Trust is mindful that behaviour can be indicative of an un-met need or underlying abuse. Staff are trained to look out for changes in behaviour which could include:

- A pupil/student who is withdrawn and unable to make friends.
- A pupil/student who is unable to concentrate in class.
- A pupil/student who may display disruptive, aggressive and/or dysregulated behaviour.

In such cases, any emotional/behavioural difficulties will be determined through a restorative meeting with the child's SLO. Pupils/students will be given the opportunity to express their thoughts and feelings. The school may take the decision to refer to an outside agency for additional support where this is needed. Any necessary action will be taken in line with the Trusts Safeguarding and Child Protection Policy.

Pontefract Academies Trust aims to create a fully inclusive behaviour management approach and as such we recognise and understand that there are some children who have very specific difficulties with behaviour and regulation due to variety of needs and external factors as a result of:

- Trauma and Adverse Childhood Experiences (ACEs).
- Special Educational Needs and Disabilities (SEND) / Social Emotional Mental Health Needs (SEMH).

Staff are trained to support pupils/students with SEMH, SEND or suffer from ACE. If a pupil/student displays behaviours which suggest an undiagnosed need, then the graduated response as outlined in the SEND policy should be followed.

The Trust also recognises that in line with the requirements of the Equality Act 2010, Children's and families act 2014 and the SEND code of practice 2015, some pupils/students may need a personalised approach and reasonable adjustments sometimes need to be made. When this is the case the Trust and its schools will work closely with the SENCo, pupil and parents/carers, seeking expert advice from outside agencies such as Educational Psychologists, CAMHS and other partners in order to meet every child's individual needs in an effective and suitable way.

The following examples of personalisation and adjustments may vary dependent on school context and will be implemented alongside and with the support and advice of external agencies where necessary. Interventions that are used within the Trust are tailored, appropriate, reviewed regular and have a strong emphasis on de-escalation. This list is not exhaustive:

28. Use of Reasonable Force

In some cases, it may be necessary for members of staff to use reasonable force and all have a legal power to use reasonable force. This power applies to any member of staff at the school. It can also apply to people whom the Headteacher has temporarily put in charge of children such as unpaid volunteers, cover staff or parents/carers accompanying children on an organised visit. Please refer to the **DfE guidance 'Use of Reasonable Force / Restrictive Interventions'**. Whenever a member of staff uses reasonable force, this must be recorded using the proforma on CPOMS, and the parent/carer must be informed, except where it would cause a risk of harm.

The Trust recognises that children with SEND may react to distressing or confusing situations by displaying behaviours which may be harmful to themselves and others. In conjunction with the Trust Special Educational Needs and Disability Policy we are committed to understanding the underlying triggers to challenging behaviours in the first instance in order to provide support, and reduce the need for reasonable force.

29. Use of Screening, Searching and Confiscation

The Trust pays due regard to **DfE guidance on Searching, Screening and Confiscation**. In addition, school staff can seize any prohibited item found as a result of a search. They can also confiscate any item, however found, which they consider may be used to cause disruption or be harmful or detrimental to other school users. These items include, but are not limited to the following:

- Knives or other weapons.
- Alcohol.
- Illegal drugs.
- Stolen items.
- Tobacco, cigarette papers and vapes.
- Fireworks.
- Pornographic images.
- Any article that has been or is likely to be used to commit an offence, cause personal injury or damage to property.
- Electronic equipment (including mobile phones and smart watches), jewellery.
- Other expensive items.

The Trust's general power to discipline, as set out in **Section 91 of The Education and Inspections Act 2006**, enables a member of staff to confiscate, retain or dispose of a pupil/student's property as a disciplinary penalty, where reasonable to do so. The headteacher will use their discretion to confiscate, retain and/or destroy any item found as a result.

Where a person conducting a search finds items that present any risk of harm (e.g. **alcohol, fireworks, cigarettes, vapes**) they will not be returned to pupils/students regardless of timing or circumstances. Where they find **weapons and knives and extreme pornography or controlled drugs**, these must be delivered to the police.

Where they find other substances, which are not believed to be controlled drugs, these can be confiscated where a teacher believes them to be harmful or detrimental to good order and discipline. This would include, for example, so-called 'legal highs'. Where staff suspect a substance may be a 'controlled drug', they should treat them as controlled drugs as outlined above.

Where they find **stolen items**, these must be delivered to the police unless there is a good reason not to do so – in which case the stolen item should be returned to the owner.

Jewellery will be confiscated. The first time it is confiscated a pupil/student will be permitted to collect it at the end of the school day. In cases of subsequent instances in a term, parents/carers will be required to pick up the item at their earliest convenience.

30. Anti-Bullying

All members of the school community create a positive, safe environment in which bullying, physical threats or abuse and intimidation are not tolerated, and everyone is treated respectfully; and any incidents of bullying, discrimination, aggression, and derogatory language (including name calling) are dealt with quickly and effectively.

The Trust's Anti-Bullying Policy is available on the Trust and school websites.

31. CCTV

CCTV is in operation in school for safeguarding purposes and to maintain discipline and support the school in managing behaviour.

32. Use of Electronic Devices

The use of electronic and smart devices are not permitted on school grounds, with a whole-school day ban. The first time it is confiscated a pupil/student will be permitted to collect it at the end of the school day. In cases of subsequent instances in a term, parents will be required to pick up the item at their earliest convenience.

If an electronic device has been used or suspected to have been used to record audio, video or take photos of staff/pupils/students (overtly or covertly) then under the Trust's general power to discipline, as set out Section 91 of **The Education and Inspections Act 2006** the item will be confiscated, and parents contacted. If there is reason to believe that a criminal offence has occurred, the item will be handed to the police for further investigation.

The Trust recognises that as part of a care plan or other specific SEND need, the use of an electronic device may be permitted – for example for a medical need such as monitoring diabetes via a mobile device. This will have been agreed upon prior and be in place via a medical or equivalent plan.

Under the Trust policy this is considered a serious breach, and appropriate sanctions will be implemented.

33. Malicious Allegations

Where a pupil/student makes an accusation against a member of staff and that accusation is shown to have been malicious, the headteacher or a designated member of the Senior Leadership Team will meet with staff, parents/carers and pupils/students involved to consider appropriate sanctions.

Making false allegations is very serious and may lead to a pupil/student being suspended or permanently excluded from the school.

34. Police Involvement

The Trust will involve the police in all matters where criminal activity has taken place or is suspected of having taken place.

In addition, the Trust will inform the police of any intelligence which may support the police in preventing or tackling criminal activity.

A pupil/family have the right to contact the police if they feel that a criminal offence has been committed.

35. Policy Review

The **Director of Inclusion and Safeguarding**, alongside the **Executive Headteachers**, is responsible for ensuring this policy is kept up to date.

The **Executive Leadership Team** will review this policy **annually**. It will be presented to the **Education and Standards Committee** for approval, in the event of any material changes.

This policy was last reviewed on **10/12/2025**.

Pontefract Academies Trust reserves the right to amend the policy at any time.

If you have any comments or questions regarding this policy, or spot any errors, please email clerk@patrust.org.uk.

Appendix B: The Use of Alternative Provision

Purpose of Alternative Provision

- Each school recognises that all pupils are individuals with different strengths and areas to develop. This might mean that there are times where a slightly different approach or break in a cycle is required.
- Alternative provision focusses on ensuring pupils continue to receive a high-quality education whilst their needs are being addressed and offers a variety of alternative curriculum provision to support pupil's wider development.

Each school may arrange alternative provision for pupils for several reasons including, but not limited to the following:

- To encourage the inclusion of pupils who have had one or more fixed period suspensions, or who are at risk of permanent exclusion.
- To ensure pupils are offered a variety of alternative curriculum provisions as a way of supporting their wider development and equip them with skills and experience that will benefit them later in life.
- To further personalise the curriculum for some pupils, where there is a need.
- To meet the needs of pupils who struggle to meet the academic and social demands of mainstream education expectations.
- To meet the needs of pupils who, because of illness or other reasons, including social emotional and mental health (SEMH) needs, would not receive suitable education.
- To negate any damage caused by negative experiences a pupil may have had in subject areas they cannot access.
- To ensure all pupils who have alternative provision have a positive experience in education suited to their needs.

The information outlined in this document is based on statutory guidance and provides a set of guiding principles that the school will follow to ensure that children and young people benefit from high quality provision, which is safe, secure and appropriate to their individual needs.

What is off-site direction?

- An off-site direction can be used by the school as part of a behaviour support package.
- An off-site direction should be time limited. Pupils may be directed to attend either an alternative provision provider or another mainstream school.
- An off-site direction requires a pupil to attend another educational setting to improve their behaviour.
- An off-site direction may be used when interventions and targeted support have not been successful in improving a pupil's behaviour.

If a pupil is required to attend alternative provision, a written notice to attend alternative provision should be issued by the Headteacher or someone acting under delegated authority. This would form

part of the Academies Funding Agreement e.g. Provide a full-time education or make arrangements for alternative provision.

Where a Headteacher chooses to direct a pupil to off-site alternative provision the following must be provided in the form of a written notice to the parent, this should include:

- An explanation with the reason for the direction
- Starting location and the duration
- A description on how it will be reviewed and when this will take place

What is alternative provision?

- Alternative provision can be defined as something in which a pupil participates as part of their regular timetable and not always led by school staff.
- The school will use such provision to try to prevent suspension and or permanent exclusions, or to re-engage pupils in their education.

Commissioning of alternative provision or placement at a mainstream school

The school will carefully consider what providers are available that can meet the needs of our pupils, including, the quality and safety of the provision, costs and value for money.

A personalised plan for intervention (**Form 2**) will be prepared by the school setting clear objectives for improvement and attainment, timeframes, arrangements for assessment and monitoring progress, and a baseline of the current position against which to measure progress. Plans will be linked to other relevant information or activities such as EHCPs for children with SEND.

The school will maintain on-going contact with the provider and pupil via the off-site learning mentor. Clear procedures will be in place to exchange information, monitor progress and provide pastoral support. This may vary depending on the nature and length of time a pupil attends the placement (**Form 3**)

The school will maintain a full record of all placements they make, including a pupil's progress, achievements and destination following the placement.

What is good alternative provision?

Good alternative provision is that which appropriately meets the needs of pupils and enables them to achieve good educational attainment on par with their mainstream peers. Provision will differ from pupil to pupil, but the DfE say provision should:

- Have a clear purpose with a focus on education and achievement as well as meeting the pupils needs and rigorous assessment of progress
- Offer appropriate and challenging teaching on par with mainstream education - unless this is being provided elsewhere within a package of provision
- Be suited to the pupil's capabilities, give pupils the opportunity to take appropriate qualifications and involve suitably qualified staff who can help pupils make excellent progress; and

- Have good arrangements for working with other relevant services such as social care, education psychology, child and adolescent mental health services, youth offending teams, and drug support services, etc.

The school will also ensure that:

- The specific personal, social and academic needs of pupils are properly identified and met in order to help them to overcome any barriers to attainment;
- Provision leads to improved pupil motivation and self-confidence, attendance and engagement with education; and
- Provision has clearly defined objectives, including the next steps following the placement such as reintegration back into mainstream education, further education, training or employment.

Key points for consideration of an off-site direction

- Have the pupil, parents/carers and relevant teacher been spoken to before a decision to initiate an offsite direction has been made?
- Are the nature of the intervention, objectives and timeline clearly defined?
- What other considerations are there, such as transport arrangements?
- What does the pupil want, or need, to get from of the off-site direction?
- How long should the provision be for?
- Is it part time or full time? If part-time, the pupil should attend school as usual on the days they are not in the alternative provision.
- How will it fit with the pupil's mainstream curriculum? If part-time or temporary, it should complement and keep up with the pupil's current curriculum, timetable and qualification route.
- What will success look like at the end of the alternative provision placement?

DfE registration requirements for alternative providers

The school will only commission places at AP if they meet the criteria for AP as set out by the DfE. This is outlined below:

'Every provider of education that is not a maintained school or school must be registered as an 'independent school' if it provides full-time education to:

- Five or more pupils of compulsory school age
- One such pupil who is looked-after
- One such pupil with an Education Health & Care Plan (EHCP).

It is an offence to operate an unregistered independent school.

Applications for registration by new schools must be submitted and approved before a school begins to operate and admit pupils. Ofsted may decide to make an unannounced visit to an institution on the basis of information they have received about it operating as an unregistered independent school. If Ofsted consider in the course of such a visit that an institution is operating unlawfully and should cease to operate as a school, they will inform the operator it is an offence to operate without registration and take any appropriate steps with the LA to ensure the premises are closed and the children provided for.'

Definition of full-time provision

“Full-time education” is not defined in law but the DfE say it should equate to what the pupil would normally have in school – for example, for pupils in Key Stage 4 full-time education in a school would usually be 25 hours a week.

DfE also say they will consider any institution that is operating during the day for more than 18 hours per week to be providing full time education. This is because the education being provided is taking up the substantial part of the week in which it can be reasonably expected a child can be educated, and therefore indicates that the education provided is the main source of education for that child.

Relevant factors in determining whether education is full-time include, the number of hours per week including breaks and independent study time, the number of weeks in the academic term/year the education is provided, the time of day, and whether the education provision in practice precludes the possibility that full-time education could be provided elsewhere.

All pupils must receive full-time provision in total, whether in one setting or more, unless a pupil’s medical condition makes full-time provision inappropriate.

Off-site direction commissioning checklist

The school will:

Check the registration status of each provider and whether they should be registered.

Check the provider’s policies and procedures:

- a written behaviour policy setting out amongst other matters the sanctions to be adopted in the event of pupil misbehaviour
- detailed curriculum plans and schemes of work, and pupil assessment procedures
- particulars of arrangements to safeguard and promote the welfare of pupils and how those arrangements have regard to DfE guidance: Keeping Children Safe in Education.
- anti-bullying policy
- health and safety policy
- complaints procedure o quality of accommodation
- qualifications and experience of staff
- arrangements for administering First Aid o fire risk assessment and procedures
- recruitment and vetting checks for staff and management

Give providers information in writing about social networking, the use of social media and e-safety, making the school’s expectations clear. This should include information in relation to online filtering and monitoring systems

Give providers information in writing about the school’s expectations for child protection and procedures they should follow if they have a concern about a pupil

Support providers to access appropriate safeguarding training and information

Give providers information in writing about how the school should be informed of attendance and agree the subsequent follow up of absence.

Health and safety

The Health and Safety at Work Act 1974 places a duty on employers, including alternative education providers to ensure, so far as is reasonably practicable, the health, safety and welfare at work of its employees, and others who are affected by their activities such as young people on educational placements.

Under the Management of Health and Safety at Work Regulations 1999, employers have a responsibility to ensure that young people at work (including those attending alternative education provision) are not exposed to risk due to lack of experience, being unaware of existing or potential risks and/or lack of maturity, physical capability etc. The school follows the current guidance by the Health and Safety Executive (HSE). This information should be referred to in conjunction with this guidance.

Key points:

When a school is commissioned as part of the off-site direction, it is assumed that the school meets all of the necessary health and safety requirements to operate as a school.

Where an AP placement is commissioned, the alternative education provider has primary responsibility for health and safety of the pupil and should be managing any significant risks. The school will take reasonable steps to satisfy themselves that providers are doing this.

The school will ensure that AP is competent and ensure it is appropriate for pupils concerned. Provision must be age appropriate and take into consideration any pupils who might be at greater risk, for example due to health conditions or learning difficulties, so this can be taken into account when planning the placement. This should include details of any medical or behavioural conditions as well.

The school will discuss with the provider what the pupil will be doing during the placement, noting any relevant precautions. The alternative education provider (employer) can include specific factors for young people into their existing risk assessment as appropriate.

Providers will inform the school of any significant health and safety risks to pupils on placement and how they are being controlled. The school will inform parents/carers.

When commissioning alternative education provision, relevant health and safety information will be obtained to assess the suitability of the provider.

The school will decide the extent of checks that are carried out when commissioning provision. This will be based on the type of environment and potential risks involved within the placement. Checks should be kept in proportion to the risks involved. In lower risk environments, information gained may be relatively straight forward and limited, whilst in environments with less familiar risks or for those in higher risk environments, such as construction, agriculture, manufacturing or motor vehicle repairs, as well as workshop/machinery environments etc.; the checks will need to be more robust.

The school will ensure that adequate health and safety arrangements are in place and the work the pupil will be doing is being effectively managed to ensure their health and safety. This will need to consider induction, training, supervision, site familiarisation and any protective equipment that might be needed etc. In addition, pupils should know how and who to raise health and safety concerns.

The school will check that the provider understands about the specific factors relevant to young people at work, including certain industry specific prohibitions and limitations.

The school will conduct a physical check of the provider and placement is carried out by a competent person. A competent person is somebody who has suitable training, skills, experience and knowledge and is a member of the SLT. Physical checks should look at the general suitability of workplace conditions, housekeeping, toilets and washing facilities, fire precautions, guarding of machines, provision of any necessary protective equipment etc. This list is not exhaustive and there may be other important aspects to consider dependent upon the type of environment and risks involved.

Any serious incidents should be reported immediately to the school.

The school will carry out appropriate monitoring throughout the placement to satisfy them that providers are continuing to manage the health and safety of pupils on placement. This could be undertaken as part of a general quality assurance visit to assess the overall effectiveness of the provision. Health and safety checks should be undertaken by a competent person and be kept in proportion to the environment and risks involved. Checks should be recorded.

Safeguarding

All providers must be compliant with the most up to date version of the statutory guidance Keeping Children Safe in Education. A key part of this process should be school staff ensuring that staff at the registered alternative provision had appropriate checks, for example Disclosure and Barring Service (DBS) Checks.

Providers must have a designated Safeguarding Lead and deputy and have undertaken the relevant and appropriate training.

The school will retain responsibility for the process of making referrals to children's social care and for statutory assessments under the Children Act 1989 and any role they might be expected to play in such assessments (KCSIE).

A clear link must be in place between DSL's throughout the placement. This will involve sharing of all communication via CPOMS.

The off-site placement

The school maintains responsibility for:

- Pupil welfare: safeguarding, child protection; health and safety
- Sharing all relevant information with the provider including any information on SEND, literacy, safeguarding or other issues.
- Ensuring that parents/carers (and the LA where the pupil has an EHCP) have clear information about the placement - why, when, where, and how it will be reviewed
- Setting out in writing the agreed objectives and plans for the placement, and monitoring progress against the objectives of the placement, including carrying out frequent visits to the provider Where reintegration to school is an objective, planning for and providing an appropriate package of support to assist the pupil's reintegration
- Involving parents/carers (and LA if child has EHCP) in regular reviews of the placement.
- Attendance monitoring and follow-up of absences

- Meeting the needs identified within a child's EHC plan or statement of Special Educational Need

Transport arrangements

- Where a pupil is eligible for free school meals, this will need communicating to the provider and suitable arrangements made;
- Sanctioning a suspension or permanent exclusion;
- Ongoing contact with the pupil and provider to exchange information, monitor progress and provide pastoral support
- Careers guidance, the school will ensure pupils receive their full entitlement to careers information, advice and guidance;
- Pupil outcomes – obtaining a final report on the pupil's achievements during the placement including attainment and progress, attendance records and evidence of change in behaviour.
- Seeking pupil's views on success of the placement.
- For Year 11s, working with the provider to prevent young people becoming NEET and ensuring that they can move on to suitable education, training or employment alongside part-time study. The school will collect and record information about the pupil's next destination, as an indicator of alternative provision quality.
- There should be a clear recorded review of plans at agreed time frames.

Recording and Monitoring Attendance

Each pupil attending an off-site provision will remain on roll and the school retains the ultimate duty of care for pre-16 pupils, wherever they are being educated.

The provider is responsible for enrolling pre-16 pupils onto their course(s) and for recording, monitoring and reporting attendance and absences. This MUST be completed twice a day, am and pm. This is a legal requirement for any pre-16 group in the same way as it is for post-16 groups (The Education Pupil Registration (England) Regulations 2006).

The provider will inform the school immediately of any absences. The school will record the pupil's absence using the relevant code and follow the school's attendance process for absence immediately.

Attendance register codes

All sessions when a pupil is not expected to physically present on the school site will be marked appropriately using the DfE registration:

Code B (off-site educational activity). This code should be used when pupils are present at an off-site educational activity that has been approved by the school. Ultimately, the school is responsible for the safeguarding and welfare of pupils educated off-site. Therefore, by using code B, schools are certifying that the education is supervised and measures have been taken to safeguard pupils.

Code D (dual Registered – at another educational establishment). This code is used to indicate that the pupil was not expected to attend the session in question because they were scheduled to attend another school at which they were registered. The main examples of dual registration are pupils who are attending another school, pupil referral unit, hospital school or a special school on a temporary basis.

Code C (leave of absence authorised by the school).

Unexplained absences: the school attendance policy will be used to follow up unexplained absences in a timely manner.

Part-time timetables: if the school has agreed to a pupil being absent for part of the week or day and therefore this will be recorded as authorised absence. The school must ensure that the appropriate phased integration paperwork is completed and that it is submitted to the Local Authority.

Quality assurance and evaluating the impact of the off-site direction

The school will consider the following when commissioning and reviewing provisions:

- The quality of teaching and learning at the placement.
- Academic progress, ensuring targets are suitably challenging
- Accreditation including English and maths
- Safeguarding and health and safety (including quality of accommodation)
- Personal development and well-being
- The pupil's views
- Employability and skills for life – progression to post-16 destinations

What are providers responsible for?

Ensuring they are compliant with the most recent DfE guidance around legislation and the definition of an independent school.

Maintain contact with the school and the pupil's parent/carer, with regular updates on the pupil's progress.

Carry out an initial assessment of educational needs for the pupil within one week of referral to confirm what level of course and support is appropriate

Notify the school of attendance and absence; good practice would determine this is twice daily

Provide relevant policies and procedures that relate to the child's welfare, education and safety for example, Safeguarding policy including the use of social media and E-safety, Health and Safety Policy and Behaviour Policy

Attend relevant multi-agency meetings around the pupil when required, for example: Personal Education Plan (PEP) for children looked after, EHCP meetings, SEND review meetings and Social Care meetings

Have clear monitoring criteria to judge the quality of the teaching and learning, and report this to the school at agreed intervals

Provide a named contact for all matters pertaining to the pupils

Maintain Individual Learning Plans, these set out the targets that the pupil will achieve on programme (e.g., L1 Functional Skills English, Pass grade) as well as the wider targets (e.g., 95% attendance, behaviour). All targets must be agreed by the pupil, the provider and the school.
